High School

Apr 2019 to May 2022

Diploma in Engineering

Apr 2022 to May 2026

LANGUAGE

- Bangla
- English

ABOUT ME

As a Frontend Developer, I craft the look and feel of websites and applications that users interact with. Using languages like HTML, CSS, and JavaScript, I bring designs to life, ensuring they're not just visually appealing but also easy to use. My role is to make sure that everything from buttons to navigation flows smoothly and looks great across various devices and browsers.
